STANFORD, KY., FRIDAY, MAY 28, 1909.

NO. 26.

HIGHLAND.

Rich Young has a big contract for making tobacco sticks.

Farmers are making use of the wet weather by setting out tobacco plants. A large acreage will be raised.

Misses Grace Young and Annie Butt have returned from school at Stanford. Quite a number of our people will attend the dedication of the new Methodist church at Eubanks Sunday.

Green Young, wife and daughter were guests of Mrs. E. J. Mills Sunday. John G. Baugh has returned from Oklahoma, where he went prospecting. He will likely return with his family this fall. James Reed is working at Cook & Humphrey's mill near Humphrey. J. W. Cook and H. F. Horton were at home Sunday.

C. M. Jones, of Maywood, spent Sunday with the family of C. M. Young. J. H. Acton and family, of Wayneburg, visited his brother, W. G. Acton. Rev. George F. Thompson, of Eubanks, was here with his daughter, Miss Ina, who was en route to Stanford to take the teacher's examination. Put Warfield, of Casey, is here with his brothers, C. D. and L. S. Warfield. Mrs. W. J. Moran, of Turnersville, is spending the week with her parents, Mr. and Mrs. John Young.

As Usual.

He bought a hoe, a rake a spade,
Some little seeds to sow,
At last he got the garden made
And saw the green things grow.

He worked the rows and beds each day;
Each little plant he knew,
And as he smiled and sweat away
Oh, joy, how fast they grew.

No floods came down to wash them out;
No frosts to kill or blight;
No neighbor's chickens scratched about,
No kine strayed in at night.

Each seed he planted did its best
And not a one did rot—
No other garden, east or west,
Such vegetables begot.

But still this man did not enjoy
These vegetables so new,
For every night a neighbor's boy
Stole what the garden grew.

A tickling or dry cough can be quickly loosened with Dr. Shoop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by Penny's Drug Store.

A Partnership.

Said the baseball bug
To the lazy germ,
"We're getting close
To the heated term,
When the skies will shine
Like a sheet of flame,
And the crowds will gather
To watch the game.
I'll chase the players
From base to base
While you tempt men
To a shady place,
Where they can gaze
Till their souls enthuse
And yell at the umpire
All they choose.
We'll show the world
On a summer hour
How the smallest may oft
Exert most power.
The statesmen great
And the financier
Will yield to the spell
As we draw near.
In affairs we will be
A leading firm,"
Said the baseball bug
To the lazy germ.

Editor John Henry Thomas, of the Casey County News, to show his devotion for his wife, gives this good advice to the husbands of Casey county:

At the early morn thou shalt aspire
To get up first and light the fire.
Not any morning shalt thou miss bestowing
On thy wife a kiss. If in the night the baby cries, thou shalt the infant tranquilize. Thou shalt take care thy wife can find her pocket book with hills well lined. Thou shalt not criticize her cakes, her cooking nor the bread she makes. Thou shalt not rail at Easter-tide to keep her with new hats supplied. A sacred duty thou shalt deem, to treat her dally with ice cream. Thou shalt not speak in temper rash if she desires some extra cash. Thou shalt not come home full at night with lame excuses for thy plight. This is the 10th—thou shalt not chide, but by her laws thou shalt abide. If to these 10 she adds 10,000 more, abide.

Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurluck, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes "after taking six bottles of Electric Bitters. For 30 years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly run down or old people. Try them. 50c at Penny's Drug Store.

And Finley is to contest with Powers in a race for the Republican nomination for Congress in the Eleventh. "Tall Dick" is dead and Jim Howard is being taken care of by the "reform" administration in Louisville, and will perhaps not enter for that reason. We see no reason, however, why Taylor should not come home and run, and add to the loveliness of the situation. The fact that he might return to Butler county would not bar him; a Congressional candidate does not necessarily have to live in the district he seeks to represent. If individual devices are to be used in the primary we suggest that Finley adopt a photograph of himself in full flight, and that Powers use a photograph of the Secretary of State's office with the blinds down.—Frankfort Journal.

Try them. 25c at Penny's Drug Store.

What's Going to be Done About It?

EDITOR INTERIOR JOURNAL:—The Hon. Fontaine Fox Bobbitt's assertion that the governor can not pardon a fugitive from justice reminds me of the fellow who was arrested and lodged in jail for a misdemeanor. He sent for a lawyer and to him he unfolded his tale of woe. "They can't put you in jail for that offense," the legal luminary said. "But I'm already in jail," the fellow mournfully replied. Mr. Bobbitt's argument is a good one but the governor has already pardoned the fugitives and nobody is going to do anything about it even if he ought to be imprisoned. Let Mr. Bobbitt bring the question before the next Legislature and have it tested.

Indigestion

Stomach trouble is but a symptom of, and not in itself a disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and labor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

Three Ideal Farms In One.

The perfection of real estate, all that is beautiful and desirable in country life, including locality, soil and improvements, is embodied in a farm of 435 acres, adjoining the thriving town of Bryantsville, Ky., and near the famous Camp Dick Robinson farms, which sell at over \$100 per acre. There are three tracts, with dwellings and improvements on each, suitable for three families desiring to locate on adjoining farms; or, if bought by one party, two houses could be occupied by tobacco tenants. The best equipped barn in the county, is on the premises, having water supplied by a wind-mill; The doors are built as residence flooring, the stalls are large and well constructed, machinery for cutting feed being run by an engine.

Stock scales and a large tobacco barn are among other improvements. The land lies well and is of a high grade, well fenced, well watered a portion of it being matted with blue grass, in gently undulating pastures. Most of the land has been kept in grass and will easily raise 1,500 pounds of hemp, 1,800 pounds of tobacco and 60 to 75 bushels of corn. Such soil is the basis of all value, and the large profit, which it yields on the investment, explains why capital is seeking real estate, it being not only the best but the safest investment. This, together with the fact that population is increasing, thereby insuring a continuance of good prices for farm products, proves that good real estate will continue to advance in price.

Besides the intrinsic value of a home, the locality and surroundings render it more or less valuable. Good roads, good schools, churches and good morals are important factors, in determining the value of a farm, because they contribute to man's substantial happiness, which is the mainspring of human action and the object sought, in every section of our God-favored country. These elements enter largely into the attractiveness and, consequently, the value of this property. It lies on a splendid turnpike for a distance of about one mile, the community consists of the highest grade of citizenship, the people being moral, cultured and exceedingly hospitable. The residences are in sight of Bryantsville, which has a thriving bank, up-to-date merchants, a good school and a church of large membership, that town being about 9 miles from Lancaster, the county seat of Garrard County, on the Lexington pike. The enterprise of the citizens in that section is further manifested by the fact that they are preparing to establish a Graded School at Bryantsville, and if they succeed, which is almost certain, this property will advance from 10 to 20 dollars on the acre, as property has done near Lancaster and other towns, where such schools have been established, keeping the money and children at home and giving them a good education. This picture is not overdrawn, and we invite those looking for a bargain in a home that has all the attractive features, to let us show it to them. This farm is also within four miles of a navigable stream, which is of greater advantage for markets than the same distance from a railroad, for it gives cheaper rates and better facilities for transportation to market of all farm products, and live stock can be shipped from one head up to a boat load, while coal and lumber can be purchased at less price. It is down grade to the river, and a good pike.

More Opportunities
Yes, we have them—farm lands—in different localities, off the pike and on the pike—improved and unimproved—50 acres—100 acres—200 acres—any number of acres you want,—from \$35 per acre to \$100 per acre. We can suit you. Try us. All bargains of a lifetime. 500 acres extra good—265 acres superior land highly improved, 225 acres, extra good, near Paini Lick, fine residence and three tobacco barns. Our price is the owner's price. No excess contracts. If you want to buy a farm write us or come to see us.
